Bloot! Risings Begin A Mere Speck

Them From Growing Large and Dangerous,

Nearly everyone who uses S. S. for the blood recalls a friend who went through untold suffering as the result of a mere plimple or small blood rising. A host of people did not realize until too late, what may result from a slight too late, what may result from a slight skin abrasion. But they recovered if they used S. S. and in almost every village and hamlet every crossroad and away back off the road is someone who will tell you how S. S. the famous blood purifier, restored his health.

It is a most interesting fact that this remarkable vegetable medicine overhauls the blood in a manner that excites curious minds.

But it acts in accordance with accepted physiological laws and yet its effect is almost beyond comprehension to those who are wedded to such drugs as mercury, calomel, arsenic, ieddide of potath, copper and other baneful influences which all the world hears silent testimony to finet destructive tendencies.

silent restimony to their destructive rendencies.

E. S. S. is indeed a nature's tribute to what we need and it is worthy of note that in almost any drug store throughout the country you will find it regularly in stock. Get a bottle today. And if you believe yours is a peculiar case, write to the Medical Advisor of The Swift Specific Co. 165 Swift Hidgs. Atlanta, Ga. Our word for it, he is one of Georgia's appreciated specialists, retired from active practice, but proud of his name and of his recognized ability.

Efforts to get the needed at parts here proved tinavailing, but Los Angeles has had the junior auto game for a couple of years and all the dealers there stock the parts. The list of articles needed has been forwarded to the coast city and a reply is expected in a few days.

The boys who were present at the meeting last week are proving good missionaries and are interesting other boys. It is believed that at least a dozen cars will be entered. The editor tian had selveral requests for information as to the probable cost of building a junior car. The cost will vary greatly, according to the quality of the ma-

When the boys had all retired to places in the sun, up against the right field fance, John Tortes Meyers was the sole survivor, aside from the men actively implicated in the pastime, and nothing John Tortes could say or do attracted Mal's displeasure. The chief had to atick around and coach out the rest of the game. Umpires are always discriminating against the indians of this nation.
